Theme From The Crusader

Scribe

Yeah, 1,2, yes, yes
Uh, Scribble is back
Uh I?m from Christchurch the place of my birth
My home this earth represent my peep and their worth
Phillips town Philly baby translatin? the zone
Kind of sore entrepreneur rocking this microphone
I get busy like Bone keep my whole cipher in harmony
Can it be one of the worlds best from Canterbury
Straight from the under the scribe the eighth wonder
Make no mistake and tell us the rock, that came from Sumner
I?m creepin? on the come up from the squid and the pimp
Drivable wizardry for your whole atmosphere
Watch me do this for the love like Salmonella Dub
I don?t get caught up I?m the world you no we stay above
The physical is selfish and the spiritual is us
Lyrically combust in our day it is a must
So well your mics rust I'ma prove my crews well'a
I?m from the hometown of the feelers and we don?t feel ya
It?s the Crusader represent city to shine
(Check it out world wide we got beats and flows)
It?s the Crusader represent city to shine
(Recognize the way we drop this universal)
It?s the Crusader represent city to shine
(Check it out world wide we got beats and flows)
It?s the Crusader represent city to shine
(Recognize the way we drop this universal)

It?s the Crusader tight like Nathan and Aaron Mauger
Do it first talk later
I'm running things like I?m Robbie Deans I got a champion team
And you can hate it if you want but I am living my dream
I'm on the road to the Holy Grail and I will never fail
I get pribes I keep em locked like Norman Maxwell
You no I rap well that?s for certain
Because I?m on point like Andrew Mehrtans
So for you fake MC's its curtains
I'm steppin? up a level, for the silver I could never settle
I'm taking the gold medal
I suggest you do the same

You best improve your game or get burnt by the Canterbury Flames
The hometown of Anika Moa crusading through this war
Best to find out who you fighting for
'Cause I?m the best and there?s none greater
Both sides of the equator, I battle like a gladiator
It?s the Crusader represent city to shine
(Check it out world wide we got beats and flows)
It?s the Crusader represent city to shine
(Recognize the way we drop this universal)
It?s the Crusader represent city to shine
(Check it out world wide we got beats and flows)
It?s the Crusader represent city to shine
(Recognize the way we drop this universal)
