

Bottomfeeder

[blessthefall](#)

Keep moving down the line,
what's sitting here is mine.

You've taken far too long,
go back where you belong.

This place is not for the weak
This place is not for the weak

They've all been begging for the truth
It's over now
It's over now

We gave our lives for this
It's all we have
It's all we'll ever know
We sacrificed for this.
When it's said and done,
we'll have our scars to show.

We'll have our scars to show.

I am destruction,
you'll never be the death of me.

You are deception,
I am the one that you betray.

We gave our lives for this
It's all we have
It's all we'll ever know
We sacrificed for this.
When it's said and done,
we'll have our scars to show.

Our scars to show
We'll have our scars to show
From now, to the end.
From now until the end

It's set in stone
Now there's no turning back
We'll stand our ground,
we are unbroken.

Oh!

It's set in stone
Now there's no turning back
We'll stand our ground,
we are unbroken.
