

# 15 Minutes

## Circle Jerks

"The tragic story of a young boy and his one night stand.  
There's a lesson to be learned...don't let this happen to you." You got it

Got it good

Got your twenty-four symptom

Just a little

Just for fifteen minutes

I want a little 15 minutes of fun, pleasure

Now you're gonna go insane

And a trip, trip

Down to the free clinic Okay [x7]

That's beautiful [x3]

All right

You got it good

Fifteen minutes
