Empty Pictures

Elf Power

Who flies above them all
To the past, the millions crawl
Calling from another place
Where the ancient memories awake
Don't let them fade
The everlasting scream
Is on the waySame spirits over me
That pull from underneath
Can you hear just what they say?
Calling out to you so far away
Don't let them fade
The everlasting scream
Is on the wayStill lying in the dark
Far away from where you are
Calling from another place
Where the ancient memories awake
Don't let them fade
The everlasting scream
Is on the way
