

Because I Do

X

I am a black and white ghost
In a black and invisible dress
Oh, what a mess I'm in
What kind of fool am I am the married kind
The kind that said I do
Forever searching for someone new At night I get drunk and fly around
In the day I dream and lay around
I drink and smoke your brand and drink
I am drunk over you I am the married kind
The kind that said I do
Forever searching someone new I am the ghost of all my dreams
To me, it's all pretend
I pretend I'm alive or just not dead
I will die for you I am the married kind
The kind that said I do
Forever searching for someone new My nights are numbered
They don't count for nothing
I'm not a fool, I'm just a bride
I'm just no good inside I am the married kind
The kind that said I do
Forever searching for someone new
