

Watermelon

The Boxer Rebellion

Inside I was restless
Left awake to the clocks
Outside wailing helpless
Ridden out by the locks
Inside, outside, inside your love
Inside, outside, inside your love
You said you want diamonds
Well I think you'll like pearls
And you said you want cigarettes
Well I think I want girls
Inside, outside, inside your love
Inside, outside, inside your love
Come on

Music is the life man
Music is the life man
It cries and cries and feels so nice
Music is the life man
Music is the life man
It cries and cries and feels so nice
I think I've found
I think I've found
I think I've found you out
I think I've found
I think I've found
I think I've found you out
Inside, outside, inside your love
Inside, outside, inside your love
Inside
