Where Did The Time Go

Glenn Hughes

If you could take a look inside my mind
You would see that there's so much to find
If you had realized what's in my heart
You would never have torn us apartWhere did the time go?
Did we get to do what we wanted to
Where did the time go
As loved passed us by?If you could take a look inside my mind
You would see that there's so much to find
If you had realized what's in my hear
You would never have torn us apartWhere did the time go?
Did we get to do what we wanted to
Where did the time go
As loved passed us by?Fallen angel, how have you been
Fallen angel, let me inWhere did the time go?
Did we get to do what we wanted to
Where did the time go
As loved passed us by?Where did the time go?
Did we get to do what we wanted to
Where did the time go
As loved passed us by?
