You Pay.

Crass

Advisory - the following lyrics contain explicit language:

You're paying for prisons, you're paying for war
Paying for lobotomies, you're paying for law
Paying for their order, paying for their murder
Paying for your ticket to watch the farce
Knowing you've made your contribution
To the systems fucked solution
To political pollution
No chance of revolution
No chance of change
You've got no range
Don't just take it, don't take their shit
Don't play their game, don't take their blame
USE YOUR OWN HEAD, your turn instead
It's not apologise, It's not economise
It's not make do, It's not pull through
It's not take it, It's not make it
It's not just you, It's not madmen
It's not difficult, It's not behave
It's not, oh well, just this once
It's fucking impossible
It's fucking unbearable
It's fucking stupid
FUCKING STUPID
