

Miserable America

Kevin Abstract

My boyfriend saved me
My mother's homophobic
I'm stuck in the closet
I'm so claustrophobic
I just want help if
My best friend's racist
My mother's homophobic
I'm stuck in the closet
I'm so claustrophobic
I just wanna know shit

Well we all love Young ThugMiserable America
Assassinate my character
Miserable America
Assassinate my character
I don't care
I don't care
I don't care
I don't
I don't care

I don't care, no, noMy boyfriend hates me
Won't let me meet his parents
Says my skin might scare 'em
Not afraid of my appearance
Feel like jumping off the building
Feel like saying "Fuck your parents"
Son don't feel 'em and I know they never will
They love gays but they hate niggas

What else are we to do rather than talk and paint a picture
I told that nigga before I even tried to tell myself
I wish you thought of me the way you thought about yourself
Hella help, wish 'em well

I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't

I don't care no more, I don't care no more
I don't, I don'tThese days just don't make sense without you

These days just don't make sense without you
(It don't make sense without you)I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't
I don't care no more, I don't care no more
I don't, I don't
Assassinate my character
Miserable America
Assassinate my character
Miserable America
Assassinate my character
