Wretched And Divine

Black Veil Brides

I am the innocent
I am what could have been
The dreams you talk about,
Now left on broken skin
Here lies hysteria,
A land where chaos reigns
Global Disturbia,
Bows down to twisted ways.
A world of hate awaits
We are The Wild Ones
They all look the same?
Our time has come
I am the chosen,
Wretched and Divine
I am the unspoken,
The one they left behind
Fearless, fight until we die
I am broken
The Wretched and Divine
I am the Devil's smile,
The one caught everyday
A hopeful hero's speech
Won't stop the years you bleed
I am a hurricane,
And Army strong as one
As they sit back and laugh
The one you left has just begun

A world of hate awaits
We are The Wild Ones
They all look the same?
Our time has come
I am the chosen,
Wretched and Divine
I am the unspoken,
The one they left behind
Fearless, fight until we die
I am broken
The Wretched and Divine

We live for broken hearts,
Won't watch them fall apart
We live for the ones
Who don't know they exist
We die for endless winter,
Beginner and the sinner
We die for the ones
Who raise their hands to resist
I am the chosen,
Wretched and Divine
I am the unspoken,
The one they left behind
Fearless, fight until we die
I am broken
The Wretched and Divine
