

# Keep It Simple

## Raleigh Ritchie

The city lights in my eyes  
And I can feel the night creepin' through the cloudy skies  
And it's raining again  
This is a blue town  
And I feel a Gene Kelly moment comin' on  
I got the moves down  
And I feel like laughing all the time  
And I don't know why, there's a lot going through my mind  
And no I don't know you  
The prospect's there  
Still so much to show you  
So I don't care This time around, hold it down  
Got to keep it simple, keep it underground  
I can't help how it felt  
I just want a shot, want a simple love Love on the Thames  
Can we do it all again tomorrow?  
Everything ends  
But I don't want to fill another day with sorrow  
I, I, I know I can take, take the love and the heartbreak  
'Cause I've been a teenager, obvious dumb statements  
I'm full of shit sometimes  
But walking beside you's blowing my mind  
I feel so high, mmm, we own the night, mmm  
How did I find the light of my life in so little time? This time around, hold it down  
Got to keep it simple, keep it underground  
I can't help how it felt  
I just want a shot, want a simple love Yo, a million thoughts in my brain  
You'd rather drive in the sun, I'd rather walk in the rain  
Thinkin' 'bout the future, 'bout my future, bought her a Range  
I stepped in shit and threw my kicks, I never wore 'em again  
I'm livin' carefree, ain't got a care in the world  
I came with the mandem but I'm here by myself  
'Cause my mind's at home but my body's in the river  
Rather buy myself a cake that I can share with my girl  
Chill out on the sofa as we watch it  
Watchin' episodes of Friends, I need the box set  
They say I'm back, I tell 'em that I never lost it  
Used to make 'em run and now I got 'em doin' moshpits This time around, hold it down  
Got to keep it simple, keep it underground

I can't help how it felt  
I just want a shot, want a simple love  
She makes it hard for me, and  
It takes a lot to fool her  
And me, I'm cowardly, so  
Maybe I just won't call her
