All I Need

Blue

[Intro:]All that I need you give me
All that I need you give me
[Verse 1:]Our foundation is build up on honesty.
But now we're fighting, you're trying to walk away
How we gon do this if we don't communicate?
I'm trying to save what we have so don't walk away
I know you feel sick and tired of all the pain
We cried those tears and between us, there's no more rain
Let's draw a line in the sand and just start again
Don't let what we have, be lost forever
[Interlude:]I'm drowning, gotta make it back to shore
I'm feeling incomplete, can't take no more
[Chorus:]All that I need you give me
All that I need you give me
{All I need in the world, you give me
I need you like the air, that I breath}
All that I need you give me

All that I need you give me
[Verse 2:]I moved out when you said we needed the space
We've had enough time to reconciliate
Are you willing to let it all slip away?
Don't let what we had be lost forever
[Interlude:]I'm drowning, gotta make it back to shore
I'm feeling incomplete, can't take this
[Interlude: x3]You give me all that I need
{You give me all that I need
You are the air that I breath
You are my everything
You give me all that I need}
[Chorus:]All that I need you give me
All that I need you give me
[x3:]{All that I need in the world, you give me
I need you like the air, that I breath}
All that I need
