Sprawl

Calexico

I pretend I'm mellow
So you don't think I'm hurt
I'm just a real sad fellow
Pretends he's so down to earthAnd I might get a kiss
If I play my cards right don't care if I've missed
The whole goddamn point
Just pull myself together in the way
That you'd want me toYou're so mellow
You can't see I'm in pain
My knees turn to jello
And my eyes start to rainAnd I might not get dissed
If I play my cards right don't care if I've missed
The whole goddamn point
Try to be nice in the way
That you'd want me toAnd I wear my shirt like I'm not affected
I'll eat my lunch like I still haven't checked yet
I'll try to be cool and if that doesn't work at all
I'll try to sprawl
