

While You Are Young

Charlie Cunningham

While you were young
let your poor heart break
it's a beautiful morning
to throw away while you
let your judgement sway
there are things you'll get wrong
everyone does the same the trouble you made
and all your mistakes
if it makes your life hard
you change let your hours go to waste
let your night turn to day
it's to late to go home
so just stay
i hope we'll all be old some daytime's gonna come when the nights grow long
and you won't know what's missing
but you'll know that it's gone
so while you were young
let your poor heart break
it's a beautiful morning
don't throw it away the trouble you make
and all your mistakes
if it makes your life hard you change
let your hours go to waste
let your night turn to day
it's to late to go home
so just stay
i hope we'll all be old some day keep learning so they'll fade
more shall come along the trouble you make
and all your mistakes
if it makes your life hard you change
let your hours go to waste
let your night turn to day
it's to late to go home
so just stay
i hope we'll all be old some day
