What We've Become

Just Surrender

I'll take this as easy as I can make it seem
You'll keep me, me guessing
Act like you still believeThere's a time and place for everything
The words you spoke, the words he said
How could this happen to meWake up and turn around
You gave the flame, it's burning out
And now you mean nothing to meYou make it so easy to just walk away
You'll take me for granted
As we both know you haveThere's a time and place for everything
The words you spoke, the words he said
How could this happen to meWake up and turn around
You gave the flame, it's burning out
And now you mean nothing to meAnd so replace every dream you had
Find your way back home
This time you'll be on your own
I'll be waiting there with you hopeThe hopes of better days
And a love that won't fade away
I've been feeling so lost but I won't let it show
Into your arms I've fallen once againSo I wake up, wake up
How could this happen to me
So I wake up, wake up
Don't let it burn out on me
