Know Me

Boomkat

Prepare to fight
That's itI've slaved too long to be where I am
Won't let any man into my land
But if you know my secrets and you still want me
You must be special so prove it to me'Cause breakin' down these walls is a task at hand
If you have the strength then I'll demand
That you and me, we take some time
And get to know each other then I might make you mine'Cause I've got a plan for the twos of us
We gonna walk around until it's dusk
And then I'll tell ya all my secrets
Before we crush, so that you know me, know meIt may take some time to get me in bed
Oh when you do, I might leave ya dead
Better bring your armor and prepare to fight
No pussies allowed when this girl ignitesNow I've got a plan for the twos of us
We're gonna get it on until it's dusk
And then I'll tell ya all my secrets before we crush
So that you know me, know meOh, I've waited some time to say this
But it's somethin' I feel inside, yeah
We're gonna both fall down so low
I don't clown aroundI've got a plan for the twos of us
We're gonna get it on until it's dusk
And then I'll tell ya all my secrets 'cause it's a must
So that you know me, know meNow I've got a plan for the twos of us
We're gonna get it on until it's dusk
And then I'll tell ya all my secrets before we crush
So that you know me, know me for realKnow me, know me, know me, baby
Know me, know me, ya better know
Know me, know me, know me, baby
Know me, know me for real
