

Toy Guns

Tokyo Police Club

Liberated,
I'm liberated enough
I'm taking one last look as I leave it to rust
Cuz it seems to me,
I'm just another jagged gem,
And we're both cut from the same stuff
Are you thinking what I'm thinking of? Celebrated,
I celebrated enough
I take a deep, deep breath
And it's filling my lungs
And I start to feel
Like I'm another shining stone
Among the everlasting rough
Are you thinking what I'm thinking of? (x3) When every other kid on the block has a shotgun,
I never know the difference
Between the toys and the real ones
When every other kid on the block has a problem,
I'm just one, I'm just one Educated,
I'm educated enough
Every book has been covered, covered in dust
And I start to feel,
I'm just another jagged gem,
And we're both made of the same stuff
Are you thinking what I'm thinking of? (x3) When every other kid on the block has a shotgun,
I never know the difference
Between the toys and the real ones
When every other kid on the block has a problem,
I'm just one, I'm just one Conversations, I've repeated
All forgotten names deleted When every other kid on the block has a shotgun,
I never know the difference
Between the toys and the real ones
When every other kid on the block has a problem,
I'm just one, I'm just one Liberated,
I'm liberated enough
I'm taking one last look as I leave it to rust
