Again, Again

Scenic Route to Alaska

Love, has brought me to my knees
Oh, love, has brought me to my knees
Again, again, again
You, you took all that I had
Oh, you, you took all that I had
Again, again, again
Again, again, again
If you want my heart
If you want my heart
If you want my heart
Then come and take it
Will you come and take it
You just come and take it
Come and take it
Again, again, again
You come and take it
Again, again, again
