

# Mabu

## PUP

I went down to the water  
With the help of my father  
out of the lake in mid-june

I pulled my car, Mabu I need an engine that runs It came down to the wire

Put the pump to the tire

it gets me high

it makes her go

now, that she's gone (so soon)

I need a car like Mabu

and you know, she'll come around

I need an engine that runs I drive my car through lakes and lagoons, oh oh oh

I drive my car, my car mabu, oh oh oh

And I know, when she's gone I swear I'll change

I need a car (I miss her anyway)

I need an engine that runs
