

# Black Hole Sun

Chris Cornell

Drinking Coca-Cola all night  
Ooh baby, wanna get in a fight  
Breaking glass bottles is oh so fun  
Let's go and kill someone  
Living in this city, I get so bored  
Wanna kill myself on a telephone cord  
I guess we could go drive around  
What's the point in this town?  
Always going back and forth  
Ooh, I'm living in a black hole  
Sick of all the same lame faces  
Oh, I'm stuck in a black hole  
Always going back and forth  
Ooh, I'm living in a black hole  
Tired and there's nowhere to go  
Oh, I'm stuck in this black hole  
Staying out 'til six in the morning  
Trying to find something that's not boring  
We could go party down the street  
And show those kids to the beat  
Eating pizza is really great  
So is destroying everything you hate  
I just wanna lose all control  
[Incomprehensible] fucking hell hole  
Always going back and forth  
Ooh, I'm living in a black hole  
Sick of all the same lame faces  
Oh, I'm stuck in a black hole  
Always going back and forth  
Ooh, I'm living in a black hole  
Tired and there's nowhere to go  
Oh, I'm stuck in this black hole  
Drinking Coca-Cola all night  
Ooh baby, wanna get in a fight  
Breaking glass bottles is oh so fun  
Let's go and kill someone  
Living in this city I get so bored  
Wanna kill myself on a telephone cord  
I guess we could go drive around

But what's the point?
