

# Never B Peace (feat. E.D.I & Kastro)

## 2Pac

Now of course I want peace on the streets, but realistically  
Paintin' perfect pictures ain't never work, my misery was so deep  
Couldn't sleep through all my pressures  
In my quest for cash, I learned fast Usin' violent measures, memories of adolescent years  
Their was unity, but after puberty we brought war to our community  
So many bodies droppin', it's gotta stop  
I want to help, but still I'm steppin'  
Keepin' my weapon, must protect myself The promise of a better tomorrow ain't never reach me  
Plus my teachers were to petrified in class to teach me  
Sippin' Thunder Bird and grape Kool-Aid  
Callin' Earl since my stomach was empty  
It seduced me to fuck the world Watch my 'lil homies, lose there childhood to guns  
Nobody cries no more, 'cause we all die for fun  
So why you ask me if I want peace, if you can't grant it  
Niggas fightin' across the whole planet  
So we can never be peace Will there ever be peace?  
Or all we all just headed for doom  
Still consumed by the beefs  
And I know there never be peace  
That's why I keep my pistol when I walk the streets  
'Cause there can never be peace Somebody owes me, will they control me? Nah  
I ain't a hater playa, but I want all you got  
Your babies have babies, now we fightin' each other  
My dogs got rabies, they bitin' each other 'N it ain't hard to find a friend like mine  
Big fully is a bully, and he don't mind dyin'  
And I gotta be bright, miss sign after sign  
Time after time, after time after time And I don't like nobody, they don't like me more  
And I'm cool with that finally, but they heard it before  
Dog, we livin' in a prison  
Losin' our religion on 'em Thanks given when thankful just for livin' in hell  
Damn homey I don't mean to be harsh  
But it's the devil in the ghetto tryin' to tear it apart  
And if we make it up out , we still stuck in the dark  
Will there ever be peace? Just the peace in my heart, never The only peace we got  
Is the peace in our heart  
Or the peace in our mind  
Right there in piece that we hold in our waste line  
Feel me dog? Cm'on Will there ever be peace?  
Or all we all just headed for doom

Still consumed by the beefs  
And I know there never be peace  
That's why I keep my pistol when I walk the streets  
'Cause there can never be peace Things are changin', nigga you better fantasize  
I'm only concerned about me and mine in these times  
The world is a ghetto where peace is not a part of it  
We all goin' need God if we plan to get out of this Niggas spendin' too much time hatin' on each other  
Niggas buyin' guns, load 'em up, aim at each other  
And the victim is you and me, the secret is true indeed  
The good die, mostly over bullshit, repeatedly Deep in me there's a part that wants nothin' but love  
But the rest of me knows war is what's waitin' for us  
So I stays ready, keep my pay heavy and boss up  
Stack my funds and my guns, never rely on luck Askin' God to point out the impostors  
Never let no weapon formed against me prosper  
'Cause they'll never be peace  
So don't rely on it, soldiers die for  
And in the ghetto, they tryin' for it, fuck peace Will there ever be peace?  
Or all we all just headed for doom  
Still consumed by the beefs  
And I know there never be peace  
That's why I keep my pistol when I walks the streets  
'Cause there can never be peace Will there ever be peace?  
Or all we all just headed for doom  
Still consumed by the beefs  
And I know there never be peace,  
That's why I keep my pistol when I walks the streets  
Nigga there'll never be peace Will there ever be peace?  
Or all we all just headed for doom  
Still consumed by the beefs  
And I know there never be peace,  
That's why I keep my pistol when I walks the streets  
'Cause there'll never be peace  
Will there ever be peace? Shit, fuck peace  
On the strength till my niggas get a piece, we can't have peace  
How the fuck we gonna live happy if we ain't got none?  
You motherfuckers is smiling, but I'm mean muggin'  
Why? 'Cause gotta be thuggin' I've seen drugs done turned this motherfuckin' hood out  
All us niggas actin' up, wild ass motherfuckin' adolescents  
These niggas ain't even got no childhoods no more  
How the fuck can you have a childhood and you have a funeral  
Every motherfuckin' weekend And you motherfuckers talkin' about peace?  
Nigga, it ain't no motherfuckin' peace  
You ain't seen the news motherfucker?  
You ain't heard? Little babies gettin' smoked Motherfuckers killin' there whole family  
'Lil kids gettin' thrown off buildings

Motherfuckers gettin' abused  
Peace? Niggas you out your motherfuckin' mind? Fuck peace, we can't never have peace  
'Till you motherfuckers clean up this mess you made  
'Till u fuckin' clean up the dirt you dropped  
'Till we get a piece, fuck peace, Westside
