

I Like It

Jomanda

Ooh... and I like it (I like it)

Woo... ooh...

Ooh... and I like it (I like it)

I've been thinkin' about you for quite a while
You're on my mind every day and every night
My every thought is you, the things you do
Seems so satisfying to me, I must confess it Boy

[CHORUS]

Ooh... and I like it (I like it)

You send chills up my spine

Every time I take one look at you

Ooh... and I like it (I like it)

Boy, you're blowin' my mind with the things

You say to me

I like the way you comb your hair
And I like those stylish clothes you wear
It's just the little things you do
That show how much you really care

Like when I'm all alone with you
You know exactly what to do
You put that fire inside of me
That make it more than just a dream

[Repeat CHORUS]

Ooh... and I like it (I like it)

You send chills up my spine

Every time I take one look at you

Ooh... and I like it (I like it)

Ooh... and I like it (I like it)

And boy, let me run this by you
Just one more time
You're on my mind every day and every night
My every thought is you,
And the things that u do Seems

So satisfying to me
I must confess it, Boy

Ooh... and I like it (I like it)
You send chills up my spine
Every time I take one look at you
Ooh... and I like it (I like it)
Boy, you're blowin' my mind with the things you

Say to me

I like the way you comb your hair
I like those stylish clothes you wear
It's just the little things you do
That show how much you really care

Like when I'm all alone with you
