

Speak Your Mind

12 Stones

How does it make you feel when I look away?
Feelings that will never seem to fade, I try to find you
You hold your head up high, I let it all fall down
Do you hear me?
Falling away from this pain, so I can fly high
Feeling low just let it show
And find the words to say, what you mean
Screaming silent fears, nothing left to say
Lost inside the words that bring you down, you try to find me
I hold my head up high, you let it all fall down
Do you hear me?
Find the words to say, how you feel inside
Find the words to say, how you feel inside
Find the words to say
