

I Need a Slave

The Vibrators

Well I'm getting hung up with all this hangin' around
I'm gettin' tied up when I wanna be tyin' it down
It always goes wrong, I can't seem to get it right
Yeah come on girl, I need a slave tonight I need a slave tonight
I need a slave tonight
I need a slave tonight Well I'm gettin' freaked out with all this hangin' about
I'm lookin' for some action but I can't seem to get no connection
Put some chains on you honey, I'm gonna pull 'em up real tight
Yeah c'mon child, I need a slave tonight I need a slave tonight
I need a slave tonight
I need a slave tonight Well all your bondage magazines they're gettin' me frustrated
Yeah come on girl I wanna see you naked I need a slave tonight
I need a slave tonight
I need a slave tonight
I need a slave tonight
