

Share The Words (Rob Da Bank Session 25-02-10)

Field Music

Something is racing
And I can't slow it down
Iterating equations
To keep a handle on this
I am anchored, impatient
I'm hard for myself
I will start an education
I can take the risk We will share the words
To make things work
We will terrorise everyone
Together
We will roll the stones
And break them up
But I need you not to stop My thoughts might be a gift
I will give them up
Compensating for the attrition
That keeps a handle on you
I am a trick, I am a system
I'm a test for myself
I have a lot to learn
But I have clung to you We will share the words
To make things work
We will terrorise everyone
Together
We will roll the stones
And break them up
But I need you not to stop
