You Caught Me Crushin'

Caroline Dare

I like to play hard to get
If you haven't figured me out yet
If thorns are all that's left
Would you wait around for the roses
I'm a Sunday drive
And you're a red Ferrari
I'm in strong denial
When I know you've got meIf I say it's nothing
While I'm blushing
There's a pretty good chance
It's something
One of those
Head in the clouds
Lost in everything except
What I'm supposed to be
Thinking about
But right now
I'm all playing it cool
But you see right through
Yeah, I guess I'm busted
You caught me crushin'My friend could pass you a note
Or I could slip it into your locker
Pretend like I don't know
About the hints that I keep dropping
I'm the New York
To your city lights
Or the football
To your Friday nightIf I say it's nothing
While I'm blushing
There's a pretty good chance
It's something
One of those
Head in the clouds
Lost in everything except
What I'm supposed to be
Thinking about
But right now
I'm all playing it cool
But you see right through

Yeah, I guess I'm busted
You caught me crushin'C to the R to the U-S-H
Come on boy
Whatcha gonna say
Crush crush just a little crush
You better step up
Or you're gonna get dumpedIf I say it's nothing
While I'm blushing
There's a pretty good chance
It's something
One of those
Head in the clouds
Lost in everything except
What I'm supposed to be
Thinking about
But right now
I'm all playing it cool
But you see right through
Yeah, I guess I'm busted
You caught me crushin'You caught me crushin'
You caught me crushin'
