

Pumpkin Gets a Snakebite

Animal Collective

Pumpkin, ooh wow
I get frustration for so low
Pumpkin, stay awhile
I get restraints you just don't know
and with audacious song
a daily for a week
please keep my devil and begone
you, Pumpkin, you know that I gotta go watch out!
won't you like a daily bar
don't think you were too low
Pumpkin, you're turning green
you're weak between your toes
my girlfriend, Pumpkin, you've got purple lesions
going up and down your pretty nose
but I got it all watch out!
it's god, I could televise
my son, you want Pumpkin is dying
