

# Take Over

## The Makes Nice

I tried to run  
I tried to fight You, I'm done  
I'm giving up  
I've learned to trust You, Your love  
Now I'm singing  
Can You take over, take over? Can You take over me?  
I've been here over and over again here on my knees  
I'm only closer and closer to where I wanna be  
When You take over, take over, can You take over me?  
I tried before  
To let go and I just hold on more  
Amazing Lord  
I need the strength to let go and be Yours  
So now I'm singing  
Can You take over, take over? Can You take over me?  
I've been here over and over again here on my knees  
I'm only closer and closer to where I wanna be  
When You take over, take over, can You take over me?  
I surrender all I have  
And I surrender all I am  
As I remember  
What You've done to set me free  
I just wanna sing  
Can You take over, take over? Can You take over me?  
I've been here over and over again here on my knees  
I'm only closer and closer to where I wanna be  
When You take over, take over, can You take over me?  
Can You take over, take over? Can You take over me?  
I've been here over and over again here on my knees  
I'm only closer and closer to where I wanna be  
When You take over, take over, can You take over me?  
Take over me  
Take over me
