

# Avenue C

Barry Manilow

N.Y. I dig  
What about it?  
N.Y. is big  
People tout it  
I flip my wig  
What about?  
'Bout a street I dig  
One day I was walkin' an'  
Finally came upon a series of alphabet streets  
A B C and D, but I went for C  
The most of the hard-to-forget streets  
It's really and truly the dilly of all m'pet streets  
Hey, hey, hey everybody now  
Come go walkin' with me now  
Walk up Avenue C now  
Chicks all lookin' so pretty  
They don't give me no pity  
Avenue C is the grooviest in the city  
I never dug an avenue more enjoyable to me  
C Avenue is groovy  
Yes it was groovy as it could be  
Walk with me down Avenue C  
Man I really hope to say  
Come on baby, while we ramble  
Walk beside me while we ramble  
You dig it too I feel you do  
What a scenic hike  
It's a walk that you're bound to like  
Y'got A on the one side  
B on the other  
C in the middle  
Baby  
The reason that you're feelin' so down, babe  
Is 'cause you live in Stuyvesant Town, babe  
I dug you down in Hamilton Fish, babe  
And realized that you were my dish, babe  
Walkin' home and you can walk with me  
Walkin' hand in hand on Avenue C, oh babe  
And while we're walkin' we can do some talkin'

While the people dig us wonderin'  
What we're puttin' down  
While we, happy as we can be, glide on  
Takin' life in stride up to Murphy Park  
There beside the river  
Well our feet got rhythm  
(Pure pedal syncopation)  
'N when we walk with 'em  
(Demandin' admiration)  
Well our step is snappy  
(Dig people step aside now)  
Because we're so happy  
(We're takin' life in stride now)  
Avenue C your vibrations  
Are followin' me, oh yes  
Everybody busily lookin'  
(Yes yes)  
Me and baby steadily cookin'  
(Yes yes)  
Start at one end talkin' and movin'  
(Yes yes)  
To the other wigglin' and groovin'  
So come  
You should  
And view  
I would  
This Ave  
You could  
Venue  
It's good  
(Walk on)  
C Avenue, see it my way  
(Talk on)  
No better view on a highway  
Big town you don't know 'till you see it  
(Walk on)  
I never saw such a wonderful sight  
You're gonna love it break  
I'm hip, you'll flip  
When you dig it you'll stop and linger  
You'll pop your top  
What a pleasure and what a swinger  
Go dig it cop that view  
It's bound to thrill you  
(Come on, come on, go go)

Go dig it cop that view it's bound to thrill you  
(Come on, come on, now, go go)  
Go dig it cop that view it's bound to thrill you  
Go dig it cop that view it's bound to thrill you
