

# See What A Fool I've Been

## Queen

Well, she's gone, dear, gone this morning  
See what a fool I've been  
Oh Lord, what a fool I've been  
Yes, I did too much

Didn't leave, didn't leave no letter  
Didn't leave no warning (you naughty thing you)  
I guess I'm all to blame, oh Lord  
I guess I'm all to blame (see you later... right now you)  
Take it

My little dog ain't too hungry, no, no; he just kept on barking  
Viciously  
Just don't seem the same, oh, no, no  
It just don't seem the same (oh, see you later)

Now hit it like that  
Coming on strong

Well, I got so lonely  
Went and told my neighbor  
She said, "mm, mm, mm, mm, mm."  
Oh Lord, what a fool I've been  
And she told me what to do  
She said, "go home."

Well, she's gone, gone this morning  
See what a fool I've been, oh Lord  
What a fool I've been

---
