Just Watch Me

Jordan McCoy

Don't tell me that I'm out of line
Or that I'm shooting way too high
I don't know any other way
For me to play itI gotta give it everything
So call it just a crazy dream
But I can feel it getting closer
Every day andI'm not afraid of working hard
And there'll never be a guarantee
But I believe that I can be anything
I really want to beJust watch me, I'll do it
No matter what they say, I'll prove it
Just watch me, I'm flying
And no one's ever gonna clip my wingsI'll beat the odds if I know me
And if you disagree
Just watch me, just watch me
Can't stop mePeople say you'll crash and burn
Well, that's the way I've got to learn
But I know
It's only gonna make me strongerDoesn't matter what it takes
'Cause I'm not gonna run or break
Everything in me is saying
I belong hereI believe that I can give
Just a little bit of something more
They can try to shut me out
But, I'll break down that doorJust watch me, I'll do it
No matter what they say, I'll prove it
Just watch me, I'm flying
And no one's ever gonna clip my wingsI'll beat the odds if I know me
And if you disagree
Just watch me, just watch me
Can't stop meI can't live in a box
I'll show 'em what I got
It's never my way to play it too safe
You see I've got big plans
I've gotta take the chance
I'll get there if I canYeah
Oh yeah
Oh yeahI'm not afraid of working hard
And there'll never be a guarantee

But I believe that I can be
Anything I want to beJust watch me, I'll do it
No matter what they say, I'll prove it
Just watch me, I'm flying
And no one's ever gonna clip my wingsI'll beat the odds if I know me
And if you disagree
Just watch me, just watch me
Can't stop meJust watch me
(I'll do it)
(No matter what they say)
(I'll prove it)Just watch me
(Just watch me)
I'm flying
And no one's ever gonna
Clip my wingsI'll beat the odds if I know me
And if you disagree
Just watch me, just watch me
Can't stop me, watch me
