

Hello

KMFDM

there is no way out
i will not recover, i know
summer wind corroding from within
i'll wait til you forgiveblack is all i see
fears wrack go with over me
i repent but terror has no friends
my home was still of mehello! hello! hello!
nice to meet you
get up close
salvation's enemy
gonna make you pray
embrace misery
pray
mirror on the wall
whose the fairest of them all?
evil twin
a dull prick full of pins
i'll wait til you forgivehello! hello! hello!
nice to meet you
get up close
salvation's enemy
gonna make you pray
embrace misery
pray
hello! hello! hello!
salvation's enemy
pray
hello! hello! hello!
pray
