Playing With Madness

Schiller

i don't want to spell the word
i'm crying for you
will i have to loose it?
now or never
you make up the rules
walking in a straighter line
wherever you are
life is on my mind
it's like a fever
being with you...
is playing with madness
playing with you
playing with madness
playing with you
i feel a rush inside my veins
yearning for you
i wrap myself around you
coming closer
your heart is my home
the sense of you can clear my mind
whenever you're near
love is on my mind
it's like a fever
being with you...
is playing with madness
playing with you
