

# We Can't Love Like This Anymore

## Alabama

You're laying right beside me, but you're a million miles away  
And if I ask you what's the matter  
You don't have much to say  
And I can tell that I'm not standing  
Where I stood with you before  
We can't love like this, anymore Sometimes it makes me angry, but mostly it just hurts  
I thought time might make it better  
But it only made it worse  
And I can't climb these walls you're building  
And I can't unlock the door  
We can't love like this anymore We're coming to a crossroad, I can tell  
I'm not sure we'd be this lonely by ourselves  
But I won't give up as long as there's a chance  
So where we go from here is in your hands Just say it's over, and at least I'll know for sure  
We can't love like this, anymore  
We can't love like this, anymore
