

Boogie King

The Screamin' Cheetah Wheelies

Here's to my mother
From her shrine I have crawled
To find my feet and walk three steps then I fall
Don't try to save me mamma
Don't kiss my wounded knees
I won't go home now mamma
don't make a fool of me
You see I am the boogie woogie king yes yes
take my hand take my other hand
take my hand take my other hand
take my hand take my other hand
take my hand.....
The boogie woogie king from the mountain top is what I am.
The boogie woogie king from the mountain top is what I am.
The people watch me ride this wicked mule from his stall
Get to the streets where a thousand eyes stare in awe
what do you see now mamma this wicked mule and me.
or do you see your child drownin' in the Galilee Sea?
I am the boogie woogie King, yes yes
Take my hand take my other hand
take my hand take my other hand
The boogie woogie king from the mountain top is what I am.
Here's to my mother, from her shrine I have crawled
TO find my feet - walk three steps then I fall.
I'm just a seeker Mama, I'm just like all the rest.
I don't own this mountain - I just rent the nest
You see I am the boogie woogie king, yes yes
Take my hand take my other hand
Take my hand take my other hand
The boogie woogie king from the mountain top is what I am.
The boogie woogie king from the mountain top is what I am.
