

# I Constantly Thank God for Esteban

**Jeff Watley/Tom Tally**

Give us this day our daily dose of faux affliction  
    Forgive our sins  
    Forged at the pulpit with forked tongues  
    Selling faux sermons  
    'Cause I am a new wave gospel sharp  
        And you'll be thy witness  
    So gentlemen, if you are gonna preach  
    For God sakes preach with conviction  
        Strike up the band  
    Whoa, the conductor is beckoning  
    Come congregation, let's sing it like you mean it  
    No, don't you get it, don't you get it? Now, don't you move  
        Strike up the band  
    Whoa, the conductor is beckoning  
    Come congregation, let's sing it like you mean it  
    No, don't you get it, don't you get it? Now, don't you move  
        Just stay where I can see you  
        Douse the lights  
    We sure are in for a show tonight  
    In this little number we are graced  
        By two displays of character  
    We've got the gunslinger extraordinaire  
        Walking contradictions  
        And I for one can see no blood  
    From the hearts and the wrists you allegedly slit  
        And I for one won't stand for this  
    If the scene were a parish you'd all be condemned  
        Strike up the band  
    Whoa, the conductor is beckoning  
    Come congregation, let's sing it like you mean it  
    No, don't you get it, don't you get it? Now, don't you move  
        Strike up the band  
    Whoa, the conductor is beckoning  
    Come congregation, let's sing it like you mean it  
    No, don't you get it, don't you get it? Now, don't you, don't you move  
        Just stay where I can see you  
        Douse the lights  
    We sure are in for a show tonight  
        Just stay where I can see you

Douse the lights  
We sure are in for a show tonight  
Stay where I can see you  
Douse the lights  
Strike up the band  
Whoa, the conductor is beckoning  
Come congregation, let's sing it like you mean it  
No, don't you get it, don't you get it? Now, don't you move  
Strike up the band  
Whoa, the conductor is beckoning  
Come congregation, let's sing it like you mean it  
No, don't you get it, don't you get it? Now, don't you move  
Don't you move  
Don't you move  
Strike up the band
