Agony

Testament

Trapped in a nightmare prisoners of warfare
Days gone become years of suffering
Fight on but what's to gain
Misfortune leads to painFearless they won't die
Caged in they ask why
Cry out but don't cry
With agonyLive on but what's to gain
Die slowly everyday
Misfortune leads to pain
Will they ever be saved
From agony, agony, agonyIn silent suffering
It's never ending
They pray to end their
MiseryFight on but what's to gain
Die slowly everyday
Misfortune leads to pain
Will they ever be saved
From agony, agony, agonyMissing in action
Never forgotten
America the mighty
Set them freeFight on but what's to gain
Die slowly everyday
Misfortune leads to pain
Will they ever be saved
From agony, agony, agonyWith agony
Don't go stray
Agony
Good sensation
