

Flower King of Flies (Original)

The Nice

On a cloud by Saffron Land
The flower king of flies
And the children all in white
Have gathered here tonight
Let the dance of love begin
Let the tempo made and sing
A song and song in time
To a gong and bells sublime Flower king of flies
Flower king of flies
Flower king of flies
Flower king of flies The sun has shone all day
And Saffron moon has played
The king from on his flower
Spread the words of love around Flower king of flies
Flower king of flies
Flower king of flies
Flower king of flies
