Back To Us

Kina Grannis

all the birds are singing in the whisper winds
everybody's listening
and the sun is shining like today won't end
nothing here is missinglooking over
looking under
looking through
what we'll find every time we do what we doand we laugh
and we cry
and we live our lives
and we love and we love and we love
and it comes back to uswe carve into the tree
our history of love
with dreams of ever after
we can sit beneath the boughs and trace the lines
and add another chapterlooking outside
looking inside
looking away
what we'll find each and every time
we say that we'll stayand we laugh
and we cry
and we live our lives
and we love and we love and we love
and it comes back to usIn the evening when we turn in
will you look back with me?and we laugh
and we cry
and we live our lives
and we love and we love and we loveand we laugh
and we cry
and we live our lives
and we love and we love and we love
and it comes back to uscomes back to us(comes back to us)
