

# A Pure Accident

## Badly Drawn Boy

Well, for a while it was amazing  
And I still think you're the one  
As long as we both want the same thing  
It's not hard to carry on  
Just place your hand in my hand  
Take a walk in this old park  
And hang around in the rain  
Till it goes down  
I want to ask you questions  
That I never asked back then  
And you could teach me lessons  
1 to 10  
And on the second, first impression  
I can see how things go wrong  
I know this isn't my confession  
If it was it would take too long  
I know you will forgive me  
For the things I have done wrong  
I'm sorry I never  
Liked your favorite song  
But put yourself in my shoes  
I will place myself in yours  
Something tells me  
The future could be ours  
Well, if you wanna know how I feel  
All you have to do is ask  
And nothing's never been easy  
I'll give you a master class  
Just take a walk down my street  
There is magic in the air  
And if you look you will find this  
There's some way  
The feeling comes from nowhere  
And it takes you by surprise  
Don't say you've lost  
The magic in your eyes  
As long as we both  
Want the same thing  
From the ashes, we will rise

Is it a common misconception  
Or a beautiful idea?  
That we all land up back to your place  
Or you all come over here  
Nobody could have find in  
It's just a pure accident  
Where the people came  
Look, people came and went  
I want you to surround me  
With your love in your own way  
This kind of thing  
Doesn't happen every day  
As long as we both want the same thing  
Then it all should be okay
