Bitches

Insane Clown Posse

Bitches, ha ha ha
Bitches, ha, bitchesBitch, at any moment that's what I'll do
I'll do it to you an' a few of your crew
At any moment that's what I'll do
I'll do it to you an' a few of your crewBitch, what the fuck?
What are you tryin' to do to me? You wasn't true to me
When I was locked up you fucked somethin' like 34 guys
But I let that slide'Cuz your ass is big an' your titties is fat
I wanted to fuck that, but fuck that
I never gave a fuck that you put me through the courts
An' gave me genital wartsNow I stack my nine, I'm goin' for your knees
I'ma blow 'em out an' give your neck a squeeze
As you're standin' there, I'ma be like, "Bitch
You know you done fucked up, right?"Girl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, but now you gotta die
Never wanted it like thatGirl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, but now you gotta die
Never wanted it like thatBitch, don't talk about bitches, I'm fuckin' them
Please, no fat bitches, I'm fuckin' slim
Unless it's one of those nice an' strokin' my shit
I don't care 'bout how I'm fuckin' itHow much it costs, big fat crack head?
Ain't tryin' to hear all those words you said
Five minutes, bitch an' I came
Fuck your name an' from where you cameI don't give a fuck, bitch, I will kill you
You Shaquita, you Belinda
You too Passion, bitchGirl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, but now you gotta die
Never wanted it like thatGirl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, you bitchesOne thing I can't stand is these bitches
Tryin' to take my riches, when I ain't even got none
I never lied, you knew what I wanted all the while
My dick in your vertical smileWe kiss an' hug an' snug an' tickle
But the bitch wouldn't even buff my fuckin' pickle
She fucked everybody else in the place, it's all good
Now let me head-butt your faceBitch, I love you but now you gotta die

That's right, bitches, that's right
Girl, you know I love you, but now you gotta die
Bitches, bitchesGirl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, but now you gotta die
Never wanted it like thatGirl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, but now you gotta die
Never wanted it like thatGirl, you know I love you, but now you gotta die
Now you gotta die, now you gotta die
Girl, you know I love you, but now you gotta die
Never wanted it like thatGirl, you know I love you, you dumb bitch
