

# Conundrum

## Abdullah

I confide  
Drowning in this suicide  
I can be free  
My world won't cease to beHold out your hand  
I'm half of who I am  
The sky won't follow me  
My heart is crying  
The earth won't swallow me  
I sit in silenceAll its splendor  
Hear it crying  
All its longing  
Will be absolved
