Midnight Driving

Wave

I saw you with somebody new
Brought back those memories of all we went through
It seems so crazy after this time
I still think about you
You're still on my mind
So what's the deal, what's going on
Thought all my feelings I had were all gone
And now I see you walk on by
Without a look or a simple smile
Oh well, guess it's been a whileChorus
Hey baby, couldn't stop it from falling apart
Didn't think it would be so hard
Should have known it right from the start
Hey baby,where did the good times go
Midnight driving down the coast
Watching the ocean flowI know that all of this is in the past
I know we said that forever we'd last
All of those promises have come and gone
It's hard to know what went wrong
Oh well, better be moving onChorusAnd now I see you walk on by
Without a look or a simple smile
Oh well, guess it's been a whileChorus
