

# Many Rains Ago (Oluwa) [feat. Wyclef Jean]

## Quincy Jones

Screaming so loud that Im losing my voice  
Them boys they grabbed my wife  
Stabbed her twice took her life  
Wanna know why I got this anger  
Wanna know why I keep a banger  
I see that man told my daddy on tracks  
Train ran him over and the boys dont even look back  
I got no reason to live  
They just lynched my kids  
Sometimes I just wish I'd jumped ship in the Atlantic  
Then I wouldnt have to deal whit this shit  
Then Ill woke up from the nightmare dream  
Roots on my TV screen  
Like Martin had a dream  
All his kids and harmony  
Sing it loud like a symphony  
If youre free let it ring  
let it ring  
If youre free let it ring  
let it ring  
If youre free let it ring  
let it ring  
If youre free let it ringSing me  
That old song  
From many rains agoSing me  
That old song  
From many rains agoWhen the rain fell down  
When the rain feel down  
When the rain feel down  
Lost your children by the seaTake it from the land  
Many years ago  
Goodbye mother landSing me  
That old song  
From many rains agoSing me  
That old song  
From many, many, many rains agoLet the rain fall down  
Let the rain fall down  
You are the chosen oneI got to go back to the motherland  
I got to get back to the motherland

I got to go back to the motherland  
I got to get back to the motherland  
I got to go back to the motherland  
I got to get back to the motherland  
I got to go back to the motherland  
I got to get back to the motherland  
back to the motherland  
back to the motherland  
back to the motherland...Goodbye my babySing me  
That old song  
From many rains agoSing me  
That old song  
From many rains agoLet the rain fall down  
Let the rain fall down  
Let the rain fall down  
You are the chosen one
