

# Santa Maria Novella

## Allo Darlin'

I see your eyes burning with frustration and wet with tears  
So I take you for a walk, and our footsteps together will free the talk.A city radiating light, it feels like we're in  
black and white

Did I sound convincing? Bitterness has no place here.And I know that no-one likes a tourist I feel like I'm one  
here

And I realise of course, we'll criticise what's corny  
But I like the way it looks, and I think you're brave.It's hard to overcome, but it will cut you like a knife  
In the middle of the night, when you should be sleeping  
But you just stare at the ceiling.

Past countless souvenir shops, tried hard to make you laugh

By Santa Maria Novella, I remember how.And I know that no-one likes a tourist I feel like I'm one here  
And I realise of course, we'll criticise what's corny  
But I like the way it looks, and I think you're brave.

In an orange alley, I can hear the auto-tune echo from a radio  
It all sounds the same, but we don't know the namesAnd I know that no-one likes a tourist I feel like I'm one  
here

And I realise of course, we'll criticise what's corny  
But I like the way it looks, and I think you're brave.
