

Ain't That Love

Jeff & Sheri Easter

I always remember the, the first time that we met
And the first time that I saw your face a thing I won't forget
The special way you held me is the way I'll hold you still
And I knew right then that you loved me and I know you always will

Chorus

Ain't that love, Ain't that how suppose to be
Two hearts joined together as one
Just like you and me
Ain't that love shining in your eyes
Heaven sent from up above ain't that love

Baby you re the sunshine that brightens up my day
And I will always stand by you, darling come what may
I will always love you to have and to hold
And I'll keep my every promise to you with this band of gold

repeat chorus
