

# If Only (feat. JD Webb)

## St. Hollywood

IF ONLY by G Hollywood

IF only to hold you  
Only to taste your lips  
IF only for this moment  
For you I would do it again  
Even for just one kiss  
I'd risk it all just for this  
Cuz I want to love you forever  
It only gets better from here  
And I waited come whatever  
As beautiful days turn to years  
If only to love you  
Only for this we could ask  
IF only to know you  
Just for the warmth of your breath  
Even for just one kiss  
I'd do it all just for this  
Cuz I want to love you forever  
It only gets better from here  
And I waited come whatever  
As beautiful days turn to years  
But if only this sunset  
Only to capture this night  
Only this moment so perfect  
For you I would do it again  
Even for just one kiss  
I'd give it all just for this  
I'd do it all just for this
