Ignorance Is Bliss

Living Colour

Living with myself is hard enough
So I get away when things get rough
Famine, strife and thoughts of war
Matter less than the dress she wore
You see ignorance is bliss
Problem solved with just one kiss
Ignorance is bliss
Problem solved with just one kiss
I'm just trying to survive
Pay my bills and stay alive
All the world's problems ain't my fault
I take it all with a grain of salt
You see ignorance is bliss
Problem solved with just one kiss
Ignorance is bliss
Problem solved with just one kiss
Ignorance is no excuse
Your problem's solved, what's the use
Ignorance is no excuse
The problem's solved then what's the use
I try to tell them everyday
But nobody listens to a word I say
Look out my window, what do you see?
Sometimes it's worse than that stupid TV
Ignorance is bliss
(Ignorance)
Ignorance is bliss
(Ignorance)
Ignorance is bliss
(Ignorance)
Well, ignorance is bliss
(Ignorance)
