

Not Enough

Our Lady Peace

There's nothin' you can say, nothin' you can do
There's nothin' in between, you know the truth
Nothin' left to face, there's nothin' left to lose
Nothin' takes your place When they say you're not that strong
You're not that weak, it's not your fault
And when you climb up to your hill
Up to your place, I hope you're well There's nothin' left to prove, there's nothin' I won't do
There's nothin' like the pain I feel for you
Nothin' left to hide, nothin' left to feel
I'm always here When they say you're not that strong
You're not that weak, it's not your fault
And when you climb up to your hill
Up to your place, I hope you're well What you want, what you lost
What you had, what is gone is over
What you got, what you love
What you need, what you have is real It's not enough, it's not enough
It's not enough, it's not enough, I'm sorry
It's not enough, it's not enough
It's not enough, it's not enough When they say you're not that strong
You're not that weak, it's not your fault
And when you climb up to your hill
Up to your place, I hope you're well It's not enough, no
It's not enough
It's not enough
