

Let Me Be Your Valentine

Scooter

Yeah, yeah Let me be your valentine, yeah
Let me be your valentine, come on
Let me be your valentine, yeah
Let me be your valentine, come on
Let me be your valentine, yeah
Let me be your valentine, come on You have to move right now
Do you understand?
Please jump a little higher
We're gonna' rock the place, yes Speed it up, speed it up, turn up the bass
Speed it up, speed it up, turn up the bass
Higher and higher feeling so fine
Listen to the voice of Valentine Let me be your valentine, yeah
Let me be your valentine, come on
Let me be your valentine, yeah
Let me be your valentine, come on
Let me be your valentine, yeah
Let me be your valentine, come on, yeah Rough We love the happy hardcore
We're getting out of control
Please let me see you smile
Let's get into another dimension, yes Speed it up, speed it up, turn up the bass
Speed it up, speed it up, turn up the bass
Higher and higher feeling so fine
Listen to the voice of Valentine Let me be your valentine, yeah
Let me be your valentine, come on
Let me be your valentine, yeah
Let me be your valentine, come on This is a valentine's party, party
Come on Thank you
